SUPPLEMENTARY INFORMATION:

I. Background

The Occupational Safety and Health Administration (OSHA) currently has approval from the Office of Management and Budget (OMB) for certain information collection requirements contained in 29 CFR 1910.120. That approval will expire on June 30, 1996 unless OSHA applies for an extension of the OMB approval. This notice initiates the process for OSHA to request an extension of the current OMB approval.

As part of OMB's and OSHA's continuing paperwork reduction effort, OSHA seeks to reduce the paperwork burden hours in 29 CFR 1910.120 based

upon input from parties interested in the regulatory scope of that regulation. The purpose of this notice is to solicit public comment on OSHA's existing paperwork burden estimates from those interested parties and to seek public response to several questions related to the development of OSHA's estimation. Interested parties are requested to review OSHA's existing estimates, which are based upon information available during rulemaking, and to comment on their accuracy or appropriateness in today's workplace situation. OSHA bases its existing estimates upon information made available to the Agency during the initial rule making effort for 29 CFR 1910.120 (August 10, 1987; 52 FR 29620) and believes that this data may be outdated.

II. Current Actions

This notice requests an extension of the current OMB approval of the paperwork requirements in 29 CFR 1910.120, Hazardous Waste Operations and Emergency Response.

Type of Review: Extension of existing approval with one typographic correction. The current total burden hours should be 18,726,849 instead of 18,726,049. The eight in the hundreds spot was read previously as a zero.

Agency: Occupational Safety and Health Administration, U.S. Department of Labor.

Title: Hazardous Waste Operations and Emergency Response (29 CFR 1910.120).

OMB Number: 1218-0202 (Previously 1218-0138).

Agency Number: Docket No. ICR-95-2.

Frequency: On occasion.

Affected Public: Business or other for-profit, Federal government, and State, Local or Tribal governments.

Number of respondents: 35,118.

Estimated Time Per Respondent: Varies.

Total Estimated Cost: \$374,536,981.00.

Total Burden Hours: 18,726,849.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request: they will also become a matter of public record.

Dated: November 20, 1995.

Thomas H. Seymour,

Acting Director, Director of Safety Standards Programs.
